An authorized, unofficial information medium published monthly by AR PERSCOM for PERSTEMPO professionals in CONUS

LAST PERSTEMPO MONTHLY...

In last months PERSTEMPO Monthly the ARPERSCOM PERSTEMPO Management Team informed all of the PERSTEMPO Professionals out there that they should prepare to submit a PERSTEMPO Monthly Readiness Review. This required report will be submitted along with all units USR. Stay tuned for the initial report. The tasker will be sent through each MACOM's G-1, or the highest PERSTEMPO Professional in the unit. Last month, we also informed you, and gave you step-by-step instructions on how to update your PERSTEMPO Users. It is time for Unit User Administrators to begin monitoring their unit clerks to update their account access before their accounts expire. We also have distributed the PERSTEMPO AORS and RLAS Deskside reference for personnel in the Army Reserve that initiate orders using AORS and RLAS. If you would like a copy of the AORS Deskside reference, please contact the USAR PERSTEMPO Managers at the phone numbers provided below.

PLEASE IDENTIFY YOUR UNIT UA

User Administrators, Identify yourselves!! The PERSTEMPO Management Team here at PR-PERSCOM is experiencing a high call volume from PERSTEMPO Professionals to update their PERSTEMPO and AKO Accounts. Most of the callers are personnel who do not know who their Unit User Administrator is. Again, User Administrators....Identify yourselves!!!

PERSTEMPO AHRI'S

The PERSTEMPO Army Human Resource Identifier (AHRI) is what the PERSTEMPO system uses track units and soldiers. There are permanent AHRI's and Temporary AHRI's. The Permanent AHRI identifies echelons of the official Army structure down to company level. It is essential and mandatory that all units ensure that all soldiers assigned to your unit's unit identification code (UIC) are associated with your unit's Permanent AHRI. Your units AHRI will provide the necessary information needed for the MRR at months end. So Unit Administrators, start checking your subordinate units for correctness in their PERSTEMPO Programs.

INTEGRITY OF PERSTEMPO

The integrity of a unit's AHRS PERSTEMPO database information must be protected. Immediately report the departure of all account holder to your unit's User Administrator whereas the departing individual's account can be inactivated.
